

## Discover what's in your water.

Clean drinking water is a fundamental building block of good health, and its quality is often taken for granted.

RMB Environmental Laboratories is proud to announce we have partnered with your local **Soil & Water Conservation District** to provide a convenient and reliable way to test your water.

Pick up an easy to use water testing kit today to ensure your water is safe from bacteria, nitrates, arsenic, lead, fluoride & secondary contaminants.

### You should test your water when...

- ✔ *Purchasing a home*
- ✔ *You are pregnant or nursing*
- ✔ *There are children or elderly in the home*
- ✔ *Someone in the home has a digestive illness or vitamin deficiency*
- ✔ *There is a private water source on property*
- ✔ *Living near livestock or heavily fertilized areas*
- ✔ *A new well, pump, or treatment device has recently been installed*
- ✔ *There is a change in odor, taste or appearance of your water*
- ✔ *You want to know the quality of the water you and your family consume*
- ✔ *Your place of business caters to children or the elderly*

### Testing your water has never been easier!

- 1 Pick up a water testing kit at the **Grant Soil & Water Conservation District** office  
712 Industrial Park Blvd., Elbow Lake, MN
- 2 Not sure what to test for - we can help! Simply call RMB Environmental Laboratories at 218.846.1465. We will be happy to answer your questions.
- 3 Collect your water sample and return the same day, with payment. Average costs are only \$12-\$27.00 per test.
- 4 We'll take care of the rest! Free courier service by RMB Environmental Laboratories from your local SWCD office to the lab ensures no mailing, no extra shipping & handling costs, and no missed deliveries or deadlines.
- 5 Results typically sent within 2-3 business days.

RMB Environmental Laboratories, Inc. is an independent, full service, analytical laboratory testing water since 1995. Our company does not provide, nor sell drinking water treatment, softening, or purification services. We are state certified and are able to provide independent third party drinking water collection.

Offices in Detroit Lakes, Grand Rapids and Bloomington.
